About the Florida Afterschool Alliance

Since 1988, FASA has hosted annual statewide conferences to support out-of-school programs, professionals, and organizations.

FASA has empowered over 5,000 individuals to improve programming, develop partnerships, and enhance professional staff. FASA is a voice for quality afterschool programming and the only statewide membership organization for afterschool professionals. Working alongside the Florida Afterschool Network (FAN), FASA works to support national standards, accreditation for out-of-school programs, and advisory groups.

FASA's advocacy efforts help to educate the public about the benefits of high-quality, youth-focused, out-of-school programs. In addition, FASA connects afterschool professionals who share a commitment to high-quality afterschool, before school, holiday, and summer programming to support the academic and personal growth of students.
